2.5 Coach’s Code of Conduct

The RSEQ promotes its code of conduct to participants in its activities across all its regions.

Not only must coaches ensure that student athletes respect the Participant’s Code of Conduct, they must also promote the Coach’s Code of Conduct and view it as a daily source of inspiration.

The RSEQ recommends participation in a “3Rs” program or any sports ethics workshop endorsed by regional bodies for anyone directly or indirectly related to RSEQ sports programs.

DIRECTORS OF THE RSEQ AND
EMPLOYEES OF THE PROVINCIAL AND REGIONAL RSEQs**

3. SCOPE OF ACTIVITY AND OPERATING PROCEDURES

3.1 Provisions for Interpretation

The high school governing rules apply to provincial school championships (regular and invitational), Division 1 school leagues and all other activities directly administered by the RSEQ. High schools that participate in an activity under RSEQ supervision must respect the organizational policy and high school governing rules, as well as sport-specific regulations.

3.2 “Commission Sectorielle Scolaire (CSS)” Administrative Procedures

3.2.1 Composition

- In addition to the presiding Vice-President, the “Commission Sectorielle Scolaire (CSS)” is composed of two (2) representatives for each of the fourteen (14) recognized Regional RSEQs, namely one (1) political representative and one (1) permanent representative.
- One (1) representative per associate member at the “non-voting” school level.
- One (1) non-voting member per sport with a “non-voting” Division 1 level.

3.2.2 Eligibility

The Regional RSEQ is responsible for delegating to this Commission.

3.2.3 Travel expenses

Expenses for travel and accommodations are borne by the associations that send the representatives. The Vice-President’s expenses for travel and accommodations are borne by the “Commission Sectorielle Scolaire (CSS)”, in accordance with the RSEQ policy in force.

3.3 Procedures of the *Comité de direction scolaire*

3.3.1 Composition

The school’s administrative committee is made up of six (6) persons who are chosen by the members of the sector’s board.

Each member is elected for a two-year mandate, with the exception of the Vice-President. Two members are elected in even years and three are elected in odd years.

The Vice-President is chosen from among the members of the sector school board. The Vice-President is appointed for one year.

3.3.2 Travel expenses

In accordance with the RSEQ policy, travel expenses are assumed by the Regions.

3.4 Eligibility of a Regional RSEQ or School

3.4.1 Any Regional RSEQ that is officially recognized by the RSEQ and is in compliance with its regulations is admissible to the sports events program.

3.4.2 Any school entity officially recognized as a Regional RSEQ member is admissible to the sports events program.

4. DISTINCTIONS WITHIN PROVINCIAL EVENTS

4.1 Types of provincial events and sports

Type of event	Sport
Provincial championship:	Outdoor track and field Badminton Basketball Cross-country Running Football Futsal Volleyball
Provincial invitational championship:	Indoor track and field Flag football Weightlifting Swimming Hockey
Events involving multiple sectors (University, College, High School):	Cheerleading Bol d'or
Division 1 provincial school league:	Basketball Football Hockey Volleyball

4.2 Distinctions between provincial championships and provincial invitational championships.

Provincial championships and provincial invitational championships differ in the following ways:

- Accommodations
- Meals
- Transportation between sites
- Seeding
- Management of Officials (Referees)
- Socio-cultural activities
- Team selection and qualification criteria

The CSS is the body that determines the status (type of championship) of each sport.

4.3 Payment methods

The accepted methods of payment to register for provincial school championships and provincial school invitational championships are as follows:

The RSEQ invoices Regional RSEQs who then in turn invoice the registered schools. Note, however, that all applications for provincial events are processed by Regional RSEQs.

4.4 Program levels

Division 1: Best playing level in a provincial league school sector that is administered by the Provincial RSEQ.

Division 2: Best playing level in school sectors at the regional level, whose leagues and regional events are administered by Regional RSEQs. Division 2 provincial events are administered by the Provincial RSEQ in conjunction with a Regional RSEQ and an organizing committee.

5. ELIGIBILITY OF STUDENT ATHLETES

5.1 Age Categories

- * Applicable age categories are those stated in the sport-specific regulations. If there are no specific regulations for a particular sport, the standard age categories apply:

Categories		Age in the 2016 – 2017 season
Elementary	Mosquito	From October 1, 2004 to September 30, 2006
Sec. 1-2	Bantam	From October 1, 2002 to September 30, 2004
Sec. 3-4	Midget	From October 1, 2000 to September 30, 2002
Sec. 5	Juvenile	From July 1, 1998 to September 30, 2000

5.2 Playing up

If the rule regarding a player playing up in a higher category is not specified in the applicable sport-specific regulations, then this regulation and its application rests with each Regional RSEQ.

- 5.3 A student athlete may not be registered in more than one category in the same sport.

5.4 Eligibility of Student Athletes

*5.4.1 Student athletes who have not obtained their Sec. V diploma, and are registered in the youth and/or adult education sector and respect the full-time attendance criteria of the school board concerned at one elementary and/or secondary Regional RSEQ member institution only are admissible.

5.4.2 In exceptional cases, the Provincial RSEQ may accept a student athlete registered at a school but who studies at home for medical reasons, religious beliefs or any other reason that is deemed pertinent. These exceptions must be approved by the Regional RSEQ.

5.4.3 Student athletes who return to school, are in a Sec. V supplementary program, or any student athlete in an alternate program, vocational training or adult education may change from their school of origin, unless there is a program in the school he/she attends.

Note: The school of origin is the school where the student athlete was registered at and/or studied at during the previous year.

N.B.: In football, only those student athletes registered in a one-year program ending in May/June are admissible.

5.4.4 Any student athlete who has obtained their Sec. V diploma, is registered in a full-time vocational center and who meets the other conditions described in Article 5 is admissible.

This student may, with approval from their school of origin, register for a team with that school.

N.B.: This rule applies to winter and spring events (autumn events are excluded).

5.4.5 Sanction:

Any ineligible student athlete or team inadmissible under the terms of Article 5, is automatically excluded and the Regional RSEQ will receive a fine pursuant to Article 7.5 herein. If an award is won, it will be reclaimed and given to the student athlete or team that has earned it.

5.5 Identification and Accreditation

5.5.1 Division 2 Championship accreditation session

* As regards regular provincial championships, there will be one accreditation session only, to be held on the Friday of the championship. Any belated accreditation request (occurring after the formal session) by a person (student-athletes, coaches, chaperones) becomes the responsibility of that individual. Requests for late accreditations that have received prior RSEQ approval only will be accepted after the formal accreditation session.

For provincial invitational championships and events involving multiple sectors, depending on the specifics of the championship, one or more timetables can be provided daily for accreditation.

All of a region's representatives (student athletes, coaches and chaperones) must agree to the accreditation process to be eligible to take part in the championship. Any breach of this rule will lead to disqualification of the athlete/team.

If a Regional RSEQ does not, without valid reason, conform to the organizing committee's requests regarding accreditation, the Provincial RSEQ may deny it the right to participate in that event.

* The organizing committee must apply the procedure set forth by the Provincial RSEQ. A request for exemption from the accreditation and/or accommodations process may be made by the school's administrators to the relevant Regional RSEQ who will forward the request to the Provincial RSEQ for approval. However, any expenses incurred for participant's meals and accommodations must be assumed completely by the Regional RSEQ.

5.5.2 Proof of Identity at Championships

With the exception of student athletes in the "Mosquito" category, for whom proof of identity without a photo will be accepted, all of a region's representatives (student athletes, coaches and chaperones) must show a legitimate photo ID (Medicare card, student ID, driver's license, passport, etc.) at the time of accreditation. Until such time as the participant has shown proof of identity, they may not take part in the championship.

Non-compliance with this rule will lead to disqualification of the student athlete at fault.

5.5.3 Identity verification – Division 1 LEAGUE

Upon arrival at a scheduled event, all student athletes will be obliged to identify themselves upon request by a representative of the opposing team, in the presence of a minor or adult official. If they fail to produce an ID card (photo ID), they must identify themselves by entering, on the back of the game sheet, their name, date of birth and signature. If pursuant to this request the student athlete identifies him or herself and is proven to be admissible, the person who made the request must pay a penalty of twenty-five dollars (\$25.00).

All identity verification requests must be made before the beginning of the event or during rest periods according to the rules of the game in progress or after the game (excluding time-outs) or at the latest before the game sheets are signed by the head referee. Any student athlete who refuses to identify him or herself will be considered ineligible to participate.

Any assessment of ineligibility determined during an event must be brought to the commissioner's attention without further notice.

5.6 Assessment of Ineligibility

5.6.1 Any assessment of ineligibility of a student athlete must be made in writing by the commissioner/coordinator.

5.6.2 The commissioner/coordinator must verify eligibility within two (2) business days of receipt of the letter (Division 1 league) or within one hour after receipt if the request is made for the purpose of a championship.

NOTE: Admissibility issues that occurred during the regular season may not be reviewed retroactively once the regular season has ended (Division 1 league). Once a championship or series of matches begins, eligibility contestations may only apply to incidents in games to be played. Nevertheless, all of the provisions of article 7.5 may apply in this case.

6. TEAM ELIGIBILITY

6.1 Admissibility of teams between Regional RSEQs

In order to be able to play in a region other than one's Regional RSEQ, a team must obtain their region's written permission before registering with the other Regional RSEQ. However, at a provincial event, each team must represent the Regional RSEQ that it belongs to.

In football, the team must represent the Regional RSEQ it plays for and waive its rights to representation of the Regional RSEQ of origin in the category for which it has already been accepted.

6.2 Any Regional RSEQ that accepts a team and does not comply with the preceding article will be subject to a fine in accordance with Article 7.1.4 herein.

6.3 In team sports, participating teams must respect the school entity principle (see Article 6.5).

6.4 New League – Division 1

6.4.1 No new Division 1 league will be accepted in the RSEQ-sanctioned program (regardless of playing level) unless at least five (5) schools also join the program.

Every Division 1 draft league must be endorsed and adopted by the CSS.

6.4.2 If the required minimum cannot be met, the director of school programs may arrange to have the program continued if it is deemed necessary and there is a demand for it.

6.5 School Entity Principle and School Consolidations

The school entity principle is the foundation of the RSEQ. Thus, an athlete may not represent a school other than the one he or she attends.

Any exemption to this principle (school consolidation) requires RSEQ authorization. Any breach of this regulation will result in the athlete's disqualification.

6.5.1 Principles and conditions

- 6.5.1.1 Consolidating schools must meet a global need by the consolidated schools' members and be organized so as to stimulate the involvement of a greater number of RSEQ institutions. These requests should not aim to integrate only a few skilled student athletes from another school or to promote the development of any sport in particular.
- 6.5.1.2 School consolidations must be done between schools at the same level (e.g., high schools).
- 6.5.1.3 Requests for a school consolidation must be made by the applicant school that meets the criteria set out in Article 6.5.2 and it must be deemed necessary to group with a host school so that its members can participate in RSEQ events. The host school is not obliged to meet the requirements of Article 6.5.2.
- 6.5.1.4 A host school may be grouped with more than one applicant school provided that the total number of student athletes from those schools respects the terms of Article 6.5.2.
- 6.5.1.5 Student athletes who attend schools with only grades 7 and 8 may, without having to make the request, consolidate with a school that accepts grade 9 students in their home territory, i.e., where they study or where such services are available.
- 6.5.1.6 Consolidations of girls' and boys' schools are accepted for mixed doubles badminton events.

6.5.2 Exemption to the school entity principle

- 6.5.2.1 To obtain an exemption from the school entity principle, a high school must have an average of 60 or fewer same-sex student athletes per grade level in each category.
- 6.5.2.1 An elementary school must have an average of 45 or fewer same-sex student athletes per grade level offered.

6.5.3 Making an application and managing school consolidations

- 6.5.3.1 To be eligible for provincial championships, applications for school consolidations that have been accepted by Regional RSEQs must be submitted to the Provincial RSEQ for study, by the following deadlines:

For all sports (except football and flag football): November 1st
Football and flag football: April 1st

- 6.5.3.2 The "Commission Sectorielle Scolaire" examines and renders a decision on all new applications regarding school consolidations.

Right to appeal

Any Regional RSEQ that wishes to appeal a decision by the "Comité de direction scolaire" may do so by addressing the CSS. This must be done within thirty (30) days of the decision being announced.

6.5.4 Renewal

The list of consolidated schools is updated annually. Upon request by the Provincial RSEQ, Regional RSEQ administrations must confirm, once a year, their long-term list of consolidated schools, based on the deadlines stipulated at Article 6.5.3.1.

All renewal requests will be evaluated and approved by the Provincial RSEQ

6.6 Notice of Participation in Provincial Championships

6.6.1 The Provincial RSEQ sends out a "Notice of Participation" form to Regional RSEQs at least forty-five (45) days before the following cut-off dates: September 1st, October 1st, February 1st and May 1st.

6.6.2 Regional RSEQs return the "Notice of Participation" forms to the Provincial RSEQ before the deadlines specified below:

No later than **October 1st** for the following sport:
CROSS-COUNTRY RUNNING

No later than **February 1st** for the following sports:
INDOOR TRACK AND FIELD
BADMINTON
BASKETBALL
CHEERLEADING
FUTSAL
WEIGHTLIFTING
HOCKEY
SWIMMING
VOLLEYBALL

No later than **May 1st** for the following sports:
OUTDOOR TRACK AND FIELD
FLAG FOOTBALL

6.6.3 With respect to team sports in provincial events (basketball, non-contact hockey, football, flag football, indoor soccer and volleyball), Regional RSEQs are required to specify the number of teams wishing to play in the event.

The Provincial RSEQ guarantees each Regional RSEQ a place for each category/gender, in addition to a place for the host team. Subsequently, vacancies are given to Regional RSEQs based on the previous year's ranking.

In football, places are allocated in accordance with Article 6 of the specific regulations for football.

6.6.4 Allocation of Teams at regular provincial school championships

Following receipt of the notices of participation, teams are allocated in the following order of priority until the number of teams accepted for the championship is filled for up to 16 teams total per category/gender:

- One team per Regional RSEQ will be assigned to each Regional RSEQ taking part in the championship;
- A team will be assigned by default to the Regional RSEQ championship host (host team). This team is not counted in the number of teams allocated to that Regional RSEQ;
- An additional team will be assigned to Regional RSEQs that have requested more than one team, taking into account the final ranking in the previous edition of the championship;
- An additional team will be assigned to Regional RSEQs that have requested more than two teams, taking in to account the final ranking in the previous edition of the championship.

6.6.5 The Provincial RSEQ announces the number of participating teams per Regional RSEQ. Those Regional RSEQs have five (5) business days to confirm the participation proposal. After this period, the proposal becomes official.

6.6.6 Sanctions – Regular Championships

6.6.6.1 Any Regional RSEQ that does not respect the cut-off dates for submitting a “Notice of Participation” is fined a \$25.00 per-day late fee (to a maximum of \$100.00) and the Provincial RSEQ may revoke their right to participate in a provincial event.

6.6.6.2 For a withdrawal in team sports after the proposed number of participating teams has been finalized, a \$100.00 fine will be imposed.
